

STUDY MEDICINE at AMA MEDICAL CAMPUS in Poland/Ukraine and take POLISH MEDICAL LICENSE

Opportunities to work in EU countries as a licensed physician

is now accepting
applications for **MEDICINE**

AMA offers:

US and EU Integrated
MD curriculum

Classes are starting
in September 2025

Admission Registration
begins from April 1, 2025

• POLISH LICENSE & PREP COURSES

Students who study the first three years at **AMA Medical Campus** (option to join one of the prestigious AMA partner state universities: **Kherson State University, Bukovinian State Medical University**) in Ukraine at the EU border.

Then they continue their final three years (4th, 5th, and 6th years) at the **AMA Polish Campus** in Czestochowa (internal transfer). Students who choose to complete the Medical degree at **AMA Medical Campus** (KSU/BSMU) in Ukraine will be prepared for **NIL & Nostrication** exams (for securing the Polish Medical License) during the six-year study period with **NO additional fee**.

All medical program graduates are required to do **13 months of clinical training (a monthly stipend is applicable)** at Polish hospitals to secure a Polish medical license.

• ASSISTANCE WITH STUDENTS' NEEDS

AMA representatives are available to assist students with pre-registration, accommodation, study programs, visa/travel, and more.

Opportunity to work in the EU with the POLISH MEDICAL LICENSE

For Indian students NO more worries about FMGE or Indian future medical licenses exams after the graduation

• REQUIREMENTS FOR ENROLLING

Passport copy, scan of the high school diploma (12th grade or 10 + 2 or A1 level diploma)/ incomplete Bachelor's degree with a science background, short CV, motivation letter, AMA application form, recognition certificate, processing fee, a photo for document 3*4, good health certificate, police certificate (no requirements for English language certificate and pre-med courses).

• CLINICAL OBSERVATIONS

All medical students at **AMA Medical Campuses** are prepared for the **Polish medical license** from their first year of study. In addition, candidates have the option to undertake a 4-week clinical observation and special skills training (available to advanced 4th to 6th-year students) at major Polish and other EU hospitals during the summer break, with no additional fees.

Students at the **AMA Medical Campus** near the Polish border (in Ukraine) also have the opportunity to participate in a 2- to 4-week study tour program, accompanied by a faculty member, to visit EU teaching hospitals. Each candidate can participate up to three times during their six years of study with no additional tuition or training fees.

• MODERN EDUCATIONAL TECHNOLOGIES

All candidates will receive state-of-the-art educational software for studying, taking exams, and training. Additionally, they will have access to the e-medical library facilities throughout their study period.

• Optional USMLE Prep training

Students will receive this optional training from the US professors/trainers during the 4th & 6th year's program; also available

advanced 3 months of optional USMLE training in the USA after graduation (some conditions would apply for the US training).

• CLINICAL ROTATIONS

Students can do clinical observation at U.S. teaching hospitals and complete the clinical training at Polish teaching hospitals (certain conditions would apply for the US clinical observation)

• OPPORTUNITY

Our MD program is a great opportunity for candidates who have a strong desire to be a licensed EU physician after medical studies.

Candidates will receive excellent medical education and training from internationally respected European and U.S. professors. Our partner European Medical Schools (**KSU/BSMU**) are prestigious, accredited institutions with a combined over 100 years of rich education and training experience.

KSU and **BSMU** are listed in the **World Directory of Medical Schools** and graduates are eligible to apply for Educational Commission for Foreign Medical Graduates (ECFMG) certification. Degrees obtained from **KSU/BSMU** are accepted by Poland, Croatia, Canada, the U.S.A., India, Australia, the EU, the UK, and worldwide.

Achieve your medical career goals with AMA and our Partners in Europe.
