

# Study medicine at AMA Medical Campus in Poland/Ukraine

Students study the first 3 years at  
AMA Medical Campus in Ukraine  
at the EU border:

- the safest place on the Eastern Polish border, and **the current war doesn't affect this secure/safe location;**
- and the last 3 years of studies at the AMA Polish Campus;
- internal transfer from within the same university in two different campus locations and complete the medical degree from the same university, and obtain a Polish medical license.

With a Polish Medical license, graduates can work in Poland and have opportunities to work as licensed physicians in EU Countries.
